### What male CEOs are wearing

首席执行官

hood

/ˈhʊdi/

n. 帽子

It now seems like years ago that Silicon Valley's hoodie culture made

male executives' wardrobes more casual across most industries. From

financial companies to insurers to automakers, traditional dress codes

morphed into "dress appropriately."

everything you need for your summer wardrobe

Now executive men in more traditional offices are figuring out how to

dress down but still look professional, and those at tech firms are growing

up and wondering how to dress up but still look cool.

eg. She dressed down in baggy clothes.

eg. He made playing the guitar look effortless

"It should look effortless. People shouldn't be able to put their finger

on why you look as good as you do," said Nick Hart, founder of Spencer

Hart.

eg. There was something odd about him, but I couldn't put my finger on it.

Here are some items high-powered men are wearing when dressing for
